Dear Mr Davis,

I write to inform you that my client is intending to carry out borehole works on the site in preparation for the implementation of the permission approved under the above applications.

These works are due to start on week commencing 17 February 2020.

We will shortly be submitting to you the following applications:

1. Discharge of conditions 4 and 5 of the outline permission (ref: Y/77/17/OUT).
2. A non-material amendment for limited and minor deviations to the approved plans.

I trust that you do not raise any objection to the borehole work being carried out, or have any other concerns with the content of this e-mail, and we will continue as such unless we hear from you otherwise.

Kind Regards,

James

James Hutchison MRTPI
