Dear Mr Davis,

Further to my objection made on 22nd June, I note a comment in the consultation note from Jamie Brown on 10th July to the effect that there have been "no recorded accidents within the last 3 years". I presume he is only referring to ingress and egress from the existing access to Stakers Farm, as there have been several accidents in the immediate vicinity of this development over this time.

I frequently walk along this section of road and have seen debris from broken wing mirrors and other vehicular trim in the roadway on several occasions, and last year an electronic school speed limit sign was completely demolished by a vehicle and has since been replaced. There is currently evidence of vehicles driving over grass verges and also damage to plastic traffic bollards at the proposed additional access point.

Frank Stansfield,
19 The croft, North End Road.
