Dear Sir

Re: Proposal for building  
on Araker Field, Yapton

Why? It is about the only place  
left for wildlife. Near a school -  
already crowded - and backing  
Pensioners accommodation.

The traffic on North End Rd  
Yapton is already horrendous.

2 years ago a 92 year old  
was told to take a Taxi to the  
Surgery across the road - & until  
she died - that was what she  
had to do. - It will become the  
home for many of us here

The school run causes  
chaos - & the school is overcrowded  
now!

2.

But - quite apart from these factors -  
Lorrie & her neighbours  
regularly use the road daily &  
many children have to be escorted  
across. Unfortunately the elderly  
cannot run their lives according to  
the school run - & the  
building will produce more cars  
more families - & more noise &  
danger - pollution will rise!

Please - No.

Sincerely,
