

Janice Chapman is on sick leave at present so I am replying to this.

This query does not sound like a planning or listed building matter but rather a matter for Building Control. I have looked on the application details nevertheless and found no information to help you. I would point out that we need comments on the application as it stands.

Jonathan Parsons
West Team Leader

Y/35/11/L - CLARIFICATION SOUGHT

The Planning Committee of Yapton Parish Council has considered this application and is seeking clarification/comments please on the following points:

The bathroom has no ventilation or window. Will ventilation be provided and where will it exit, through the roof or walls? In the Parish Council opinion this requires investigation or a statement from the Agent.

I should be grateful for your early response.

David Tansley

Clerk of Yapton Parish Council
