For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ☐ Yes ☐ No

If Yes, you are required to provide for:
