Subject: Application Y/37/25/DOC - 18 West View Drive -- Response top Consultation
Attachments: Constructional Details #18 West View Drive Revision 03.pdf; Surface Water Drainage Statement and Drainage Design Notes #18 West View Drive Yapton Revision 04.pdf; Orifice Drainage Calculations #18 West View Drive Yapton Revision 03.pdf; #18 West View Drive Drainage Layout Revision 03.pdf; Y-37-25-DOC - 18 West View Drive Comment Tracker rev03.pdf

Good afternoon Toby

As discussed reference the first consultation from Arun DC Drainage Engineers, please find attached as a .docx the completed Arun DC Comment Tracking Information document with all 5 issues comprehensively addressed -- as Revision03.

Additionally as part of the consultation response I have amended the Drainage Layout drawing and the Constructional Details drawing both raised to Revision03 -- these are also attached as pdfs.

The calculations have needed to be revised and these are attached as a pdf and have been raised to Revision03.

Finally the Surface Water Drainage Statement and Drainage Design Notes have also been amended to reflect the design changes, and this has been raised to Revision04, and is attached as a pdf.

These 4 documents should be forwarded to Arun DC Planning Department to be recorded as **'Superseded Documents'**, with the Comment Tracker document.

Regards
Ray
