We've got enough houses already ,when is this going to stop. The roads are chaotic now ,the school is too small , doctors appointments are a joke . I've lived here 47 years and the fields all flood in bad weather, concrete over everything and where does the water go ? Farm land should be growing crops to feed us all , the south has the most fertile land in this country. Do we have to increase our carbon footprint by importing more food because we have nowhere to grow our own .

Your views as made above will be considered before the application is determined.
