I am writing this to object to the development above.

I have lived here 45 years and seen many, many changes in this time.

There is no Infrastructure to support the amount of homes that have been built over recent times, let alone the sheer weight of traffic that now passes through and around our (so called) village.

I walk every day over these fields with my dogs and Seeing the drop in wildlife has been devastating. I use to see groups of deer, geese, foxes, birds etc... now not to be seen and being pushed out just like the locals are now feeling. I for one, if I had the money to move away from here I would, which is really sad as I've lived here since birth.

There is nothing for the youth of today to do in and around the village, other than to make a nuisance of themselves. Facilities for our children would be a good starting point and public toilets on the village green would be a benefit too.

I think it's disgusting that money beats that of the natural beauty we have (soon to be gone)

Kind Regards

Jayne Coe
