Thank you for your internet representation made on 8th June 2022 which has been recorded as an objection with the comments as follows:

OWPC48002

This application should not be given consent by the Arun councillors for the following reasons:
The increase in traffic on a road which is not designed for the amount of traffic it takes now let alone the obvious increase. The bus struggles to navigate the road due to the legal parking of residents and access to the road from side road is a risky business.
2. There is not a footpath available without crossing the road.
3. The environmental affect it will have on the natural fields and crops.
4. How will the utilities be provided on a overstretched system.
5. Yet more residents looking for a doctor, dentist, school places and retail facility where none are planned in any of the developments being carried out in the area. True there is a provision on one scheme but as we this is only to placate the locals and who will build it if ever.

The councillors have the means to stop this overdevelopment of this area or they will have to face the consequences of re elections and moral issues for the future years.

Your views as made above will be considered before the application is determined.
