Subject: Objection Y/3/22/OUT

I need to strongly object to the building of any kind on our LAST FIELD.

It's above the agreed number of houses to be built for one very old and established village. The new builds have destroyed wildlife, Arable farm land, the scape of the village. It's number of people, traffic, etc is going to overwhelm the existing population. People that aren't used to the once countryside. The amount of cars, spewing toxins, driving as if they were in inner-city roads, road rage, verbal abuse, litter strewn around the sites and parks, Vandalism.

Please don't take away the identity of the small hamlet of Bilsham & Yapton.

It's already suffocating us, depressing us, mental health is at an all time low & that last stretch of land was fenced off at the beginning of lockdown when it was our only way of getting any peace.

Please please please ... STOP NOW

With Hope and peace and love

Laura x

Resident of Yapton ..over looking that very field
