Subject: Bonhams Hoe Lane Y/40/17/OUT

Dear Mr Davis

Thank you for speaking to me recently and advising that our original objection to this application will still be taken into account when deciding this application, as all our comments are still relevant.

In short this site should never be developed for a variety of reasons all of which have been stated by so many people. Safety of access and egress to the site which the owner of this site stated quite clearly in his planning application Y/18/13 as being unsafe for his staff, family and friends to use. All clearly documented by himself in this previous application. This was also before the new road was opened which has made the situation even more unsafe. The occupants of Bonhams still park in the lane and don't appear to use this entrance, yet now the owner and the developers seem to think that it is ok for the occupants of 23 new properties to use on a daily basis. Please consider this and our previous comments as an objection to this amended application.
