Dear Mr Davis,

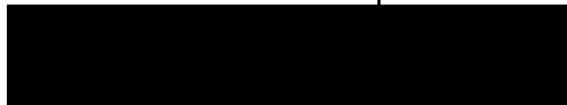

Enclosed my objections to
further developments in Hoe have.

I hope it is readable as Arthur is both
handless and shoulders does not help in writing.
and not Computer literate.

I hope the letter complies with the
request for no signature etc.

Thank you for your helpful letter please
call.

Yours faithfully

Dear Mr Davis,

Re: Application No. Y/40/17/006

With reference to the request by Pallant
Stones for development of '23' dwellings
on Bonham's Hoek.

I should like to tender an objection on the
following counts:—

- ① Increased risk of Accidents due to the
very dangerous EXIT, input caused by
the Site to development (extra traffic) plus the
Relief Road with increased traffic also.
- ②. "23" dwellings could produce possibly
100 more residents plus around "50"
vehicles, all contributing to the Dangers

Re: Apphealurn (2) No Y/40/17/OUT

at the ATT ends.

A. smaller development say 6/8 dwellings ^{or less}
would hopefully present a lesser danger
however, even that might cause present
problems.

The house was not built for a larger
number of dwellings originally.
