Dear Kieran,

The condition requires samples and in view of the site's location within a Conservation Area and near to Listed Buildings, we will need the samples.

I have also discussed briefly today with our Conservation Officer. He and I are of the opinion that the brick/tile colour may not be appropriate given the position of the building between the rendered flats and the darker brown brick houses to the north. It may be the case that the colour is not so apparent on the actual samples. However, you may also wish to consider putting in a sample of an alternative brick/tile mix that better reflects the surroundings.

I also note that the originally approved plans for the gospel building stated that there would be a mix of brick colours plus some hanging tiles on the elevations.

Kind Regards

Good Afternoon Simon

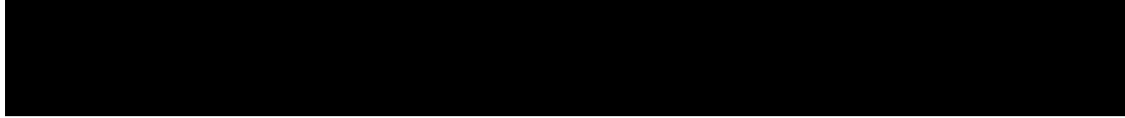

I trust you are well and had a good holiday?

Do we have an progress on the brick decision yet please? We are experiencing significant disruption to the work on site whilst we wait for the approval so we would greatly appreciate your help in finalising this matter.

Kind Regards

Kieran Napthine
Managing Director

Kieran,

We had a call yesterday about this application (not from you) asking if we would be approving the materials this week as if we did not the bricklayer would not be able to commence on Monday.

I am writing to you as agent to confirm a decision will not be made this week.
