Hi Simon,

Thank you for this – found it!

As I understand, condition 10 requires that the building be insulated in accordance with an approved noise management scheme, however the submitted document does not adequately address this condition. Based on the proposed use, the scheme should identify the potential sources of noise and illustrate the levels of noise. The scheme should then demonstrate how the noise will be managed to an acceptable level. The applicant may wish to engage the services of a suitably qualified, independent acoustic consultant to assist with this aspect. Whilst the Council cannot recommend companies, there is a list of approved acoustic consultants based in East and West Sussex which I can supply if requested.

Many thanks,

Kate.

Hi Kate,

They have submitted a plan called "Construction Dwg No 331 Rev A"

Kind Regards

Greetings,

I have perused the portal but can't find anything relating to insulation on either Y/46/19/DOC or Y/7/15/PL.

Am I looking in the wrong place?

Thanks,

Kate.

Hi Kate

Please could you respond to Simon.

Thanks

Anna

Hi Anna,

Can I get a response from your team on this one please.

Kind Regards
