I refer to the application below regarding the approval of conditions 9 and 10.

Condition Nos; 9 - Construction Management Plan - this is generally acceptable but I would request that 2.4m hoarding is installed along the site boundary where it adjoins existing residential property. Heras fencing gives no protection to the existing residents from noise or dust on the development site.

10 - contamination of the site – I have asked Kate Giddings to review the information submitted and get back to you.

Joanne
