Paul,

I will ensure the Updated Planning Statement and suggested conditions are uploaded onto the Council web site.

Thanks,

Michael

Michael

I understand that you now intend to present this application with a recommendation of conditional approval at the next available DCC which is 14 February 2018 and that you and others are currently finalising the Officers report for that meeting.

I therefore attach the applicants Updated Planning Statement and suggested conditions in word format in case you may find their contents helpful for this purpose as I intend.

Please can you place these on the Councils public web file.

Thanks
