Dear Ellie,

I am sorry but realised in writing the application up that I had not consulted Environmental Health. Although I have still recommended approval, I have told members that the EH comments will be reported at the meeting. I have had the following initial response from our EHO. Could you provide answers to their questions please which I will forward on to them. If you are not able to answer 2. Then I should be able to look at the history of the business park site. Could you look at this as a priority as I want to be sure that I get their final response before the 13th Feb.

Kind Regards

Simon J Davis MRTPI | Principal Planning Officer, Planning Department, Directorate of Place, Arun District Council |

Dear Simon,

These comments all relate to the acoustic report Ref AS10285.180326.ADS:

1. Please could you ask the applicant to provide the raw noise data in Excel format?
2. Could you let me know what the Planning Class uses for Orchard Business Park are please?
3. Please could the applicant provide a map showing the exact location of the proposed 1.8m close boarded fence?
4. In Section 4.2.2 (Anticipated Noise Levels) of the report, it states that 'it is anticipated that the noise levels in all amenity areas would be commensurate with or lower than the aspirational design range of 50-5dB LAeq 16 hour. Please could the model/map of this data be provided?

My colleagues (Chris Davis/Katharine Giddings) are looking at the CL reports. I will forward their responses in due course.

Many thanks

Fiona
