This application affects the setting of listed buildings, affects the character & appearance of the Main Road/Church Road, Yapton Conservation Area & affects a Right of Way. Thank you for your internet representation made on 7th October 2021 which has been recorded as an objection with the comments as follows:

OWPC41028

In the light of recent correspondence, can I point out that the application of tarmac to public rights of way is specifically against policy E6 in the revised Yapton Neighbourhood Plan because of urbanisation of the countryside and loss of amenity value to residents. Flexipave could be a suitable alternative, based upon recycled rubber and therefore a much more sustainable choice than tarmac. It also has excellent water permeability. Has been tested on multi-use path applications and proved excellent, popular with all users and long lasting.

Your views as made above will be considered before the application is determined.
