

**T1 PITTISPORUM. Adjacent to carport.** Remove single branch (diameter approx. 165mm, length 3m) extensively devoid of leaf, to within 0.8m of main trunk so as to maintain lateral growth at its base. Ref photo T1 (ii).

**REASON.** The branch is leaning towards the car port , is extensively bare of lateral growth other than at its base. This growth will be maintained. Ref photo T1 (ii). To achieve a better proportioned tree and clear away from carport. This is further to works carried out under Y/1/20/TC

**T1 (i) PITTISPORUM**

**TI PITTISPORUM.** Lateral growth within 0.8m of main trunk to be maintained. Cut line indicated

**T1 (ii) PITTISPORUM**
