Hi Drew,

I can't remember when we spoke about this but it was some time ago and I am under pressure to make a decision. You did say that you would submit amended plans. Can you advise when these will be provided to us.

Kind Regards

Dear Drew,

I have today discussed this matter with our Conservation Officer. He does not object to the use of timber boarding or the setting of the windows/doors behind the existing timber posts. However, he does have some concerns with the changes to the 'french door' windows on the north elevation. Although he prefers that there is now no longer a gap between the top of the door and the eaves, he does not like the fact that you can tell from looking at the windows where the opening is. He prefers the uniformity of the windows/doors approved on the original scheme. If you are able to change this then we can accept the scheme as a NMA. Please feel free to call to discuss.

Kind Regards
