Good afternoon Simon and Paul,

Please find attached the updated Maintenance Schedule and drainage layout which addresses the latest set of comments received from your engineers in relation to the discharge of the drainage condition. Lisa will follow with a formal submission.

Regarding the updated set of comments, that followed a review of the proposal, background of the scheme and talking the new consultant drainage engineers through the scheme - their predecessor was not reviewing the information correctly and required some sign posting which addressed the previous set of comments.

Kind regards,

Bava
