Dear Lisa,

I am sorry but I don't have any update for you. I did send a message to the Engineers earlier, but I have not had a response. Also, Neil Crowther is not in today so I can't check his list. Therefore, I cannot give any anticipated timescales. Sorry.

Simon

Good afternoon Simon and Paul,

Please find attached the updated Maintenance Schedule and drainage layout which addresses the latest set of comments received from your engineers in relation to the discharge of the drainage condition. Lisa will follow with a formal submission.

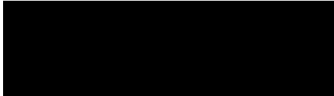

Regarding the updated set of comments, that followed a review of the proposal, background of the scheme and talking the new consultant drainage engineers through the scheme - their predecessor was not reviewing the information correctly and required some sign posting which addressed the previous set of comments.

Kind regards,

Bava
