Dear Richard,

I refer to the above and agree to an EOT on the two applications – Y/57/17/L and Y/56/17/ as requested.

I am getting these requests on pretty much all my applications these days which is frustrating and difficult to justify to applicants, I am wondering if there is something you can do at submission stage to pre-agree an EOT (if needed) in the submission process? Or just let your figures slide – why try and hide the lack of decisions within prescribed time limits?

Just a thought.

Regards,

Chris Moore
