Dear Steve,

It is still a change to the application regardless of whether it has been requested or not. However, I don't believe that there is anything gained or lost from us accepting the plans before determination but as we are not agreeing an Extension of Time, I won't be issuing a formal re-consultation to WSCC as per their standard requirements.

It will also take a couple of days to get the plans online as uploading, indexing & blocking is currently the responsibility of the case officer and I have to concentrate on report writing until mid-next week I'm afraid.

Kind Regards

Hi Steve,

Paragraph: 061 Reference ID: 14-061-20140306 of the PPG states that

“It is possible for an applicant to suggest changes to an application before the local planning authority has determined the proposal. .. It is at the discretion of the local planning authority whether to accept such changes, to determine if the changes need to be reconsulted upon, or if the proposed changes are so significant as to materially alter the proposal such that a new application should be submitted.”

Simon.
