Dear Madam,

I am writing with reference to planning application, Y/57/22/PL for the proposed replacement of a wooden field shed in that location. I wish to fully **support** the application.

The earlier shed is beyond repair. I can only see an advantage in a replacement.

I confirm that the field is being used for agricultural purposes and is Defra Registered, also the Soay sheep to graze there which I own.

Yours sincerely,

Debra Cole
