Subject: RE: Planning Consultation on: Y/58/17/PL

App No: Y/58/17/PL

Address: Stakers Farm North End Road Yapton BN18 0DU

Proposal: Conversion of barn to form to 2 No. dwellings; detached garage & conversion of part link single storey building to garaging. This application may affect the setting of a listed building & affects the character & appearance of the Main Road/Church Road Conservation Area.

Bats

Following submission of the bat emergence / re-entry survey report (July 2017), we are happy that the mitigation proposed would be suitable. A condition should be used to ensure this takes place. The applicants should be aware that a Natural England Protected Species Licence will be required for the works, and this will need to be obtained prior to any works taking place.

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (with 24 hours of any work).

Kind Regards

Liz
