Dear Sir.

Please find enclosed plans with regards to the fence erected around the car parking areas of 1 & 3 Fellows Gardens YAPTON.

The fence was agreed with all the residents of Fellows Gardens and ourselves and the resident of no 3 arranged for the fence to be erected as we have suffered heavy deposits of litter and debris in the bushes & shrubbery that surround our parking areas and the fence has made a big difference to this problem, and all residents agree that it has improved the estate considerably.
