Dear Sir.

Please find enclosed plans with regards to the fence erected around the car parking areas of 1 & 3 Fellow Gardens YAPTON.

The fence was agreed with all the residents of Fellow Gardens and ourselves and the resident of no 3 arranged for the fence to be erected as we have suffered heavy deposits of litter and debris in the bushes & shrubbery that surround our parking areas and the fence has made a big difference to this problem, and all residents agree that it has improved the estate considerably.

Unfortunately, the tencers we employed did not mention anything about planning permission and we are therefore now asking that you will give us this permission retrospectively.

Yours faithfully.
