Dear Rebecca,

I am sorry but have to refer you to my previous email dated 6th August when I stated that given that works are continuing in breach of conditions and also in respect of 2 of the dwellings, with no valid permission in place for the changes, we are not prepared to pre-agree any materials. I don't see any reason why this principle should also not apply to window details. I also note that there is a condition on Y/53/16/PL which requires that details of new joinery (windows/doors) are approved prior to any development above damp proof course level.

Kind Regards

Afternoon Simon,

Hope you are well.

I have been instructed by the client to ask if you are happy with the green of the windows that has been specified or would a brown or white be preferred?

Thanks

Rebecca
