Afternoon Simon,

Thanks for completing the discharge of condition decisions relating to the previously approved scheme – at least that is one less live application floating about.

I note the comments relating to the arboricultural condition – is this going to pose a problem in relation the approval of the variation application and the attempt to reduce the conditions that will need discharging? Or is it simply that the details submitted wouldn't discharge the previous condition; but are acceptable in relation of the variation application?

Thanks

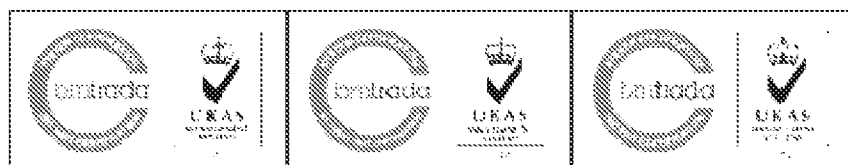

Rebecca
