Hi Maria

I am happy with the additional information which has addressed our earlier comments.

The full condition cannot be discharged until all groundworks have been completed (to account for any previously unidentified contamination), however stages 1 and 2 of the condition can now be signed off and the full condition discharged when all groundworks have been completed and a verification report has been submitted and approved.

Joanne

Dear Joanne,

I hope you are very well.

The agent sent further information (sent to you as well) and I would appreciate if you let me know you are happy with or we will refuse to discharge condition.

If you let me know the latest tomorrow since the deadline is on 17 September.

Thank you

Kind regards

Maria
