Dear Thomas,

Our drainage engineers currently have limited capacity to deal with consultations at present. They will respond but it may not be within 8 weeks (and if that is the case, we will not determine within the 8 week period – i.e. we will wait for their comments). Please bear with us, you are not alone in this situation.

Kind Regards

Good Afternoon Simon,

Firstly thank you for letting me know you are drafting up the report for the main revised application.

With regard to the drainage verification DOC application – have you received any comments yet from the Drainage Officer? Seaward are keen to get a sense of whether what they have submitted is acceptable as they are ready to submit an application for the rest of the site, and will amend this accordingly if changes are needed on the submitted information.

Kind Regards

Tom
