Dear Sir,

Notice of Intention to Fell
Two poplars

Two large poplars, planted by us, are in the driveway to the plot for which we have planning permission. The drive is narrowed by them. Neither has a TPO on it. Both have many roots that must be cut as the drive is constructed. This will make both at risk to blow down. Sweet smelling poplars grow many suckers and are commonly regarded as 'tree weeds'. These are no exception. Nineteen suckers have been removed this autumn and there are two groups of them visible now that have to be removed from the line of the drive. The neighbours have such suckers in their garden and have complained about them

Mr Everson has seen both trees and agrees they need to be removed. Please allow us to do so.

Yours faithfully, /

(D.R. Michell)
