Mr Macdonald

You seem to have submitted a Variation of Condition application again, when my understanding is you are now seeking to discharge (not vary) the condition i.e. show you have done the winter testing and proposed Surface Water drainage scheme.

A variation of condition app form is different from a discharge of condition app form – you need the latter I believe. Please complete accordingly and return to Daun.

As such, as per my advice earlier this week please:

You need to submit a formal Discharge of Condition application now to discharge the (re-worded) Condition 3 (as approved under Y/120/20/PL), once it has been validated it will then be passed to a Case Officer (potentially myself although will depend on caseloads) and then our Drainage Engineers will be consulted on the details you have submitted, then we can decide the application. Timescales are up to 8 weeks.

Details of how to submit a Discharge of Condition application can be found here – there is an application form to be completed, a fee (I believe £34 for each request), and you will need to submit the application via the Planning Portal:

Mr Macdonald,

Thank you for your voice mail.

I have forwarded the application you send yesterday to the Case officer Ms Myer, for her to review. It is the same application that was submitted and I had asked for the application titled 'Approval of Details Reserved by Condition'. I await her response.

Thank you

Mrs Johnson
