

Existing master bedroom showing entry door

Existing master bedroom

Existing hall way

Existing bathroom

Existing bathroom - showing shower

Existing outbuilding- two storey

Access

The proposal retains the existing entrance from Church Lane.

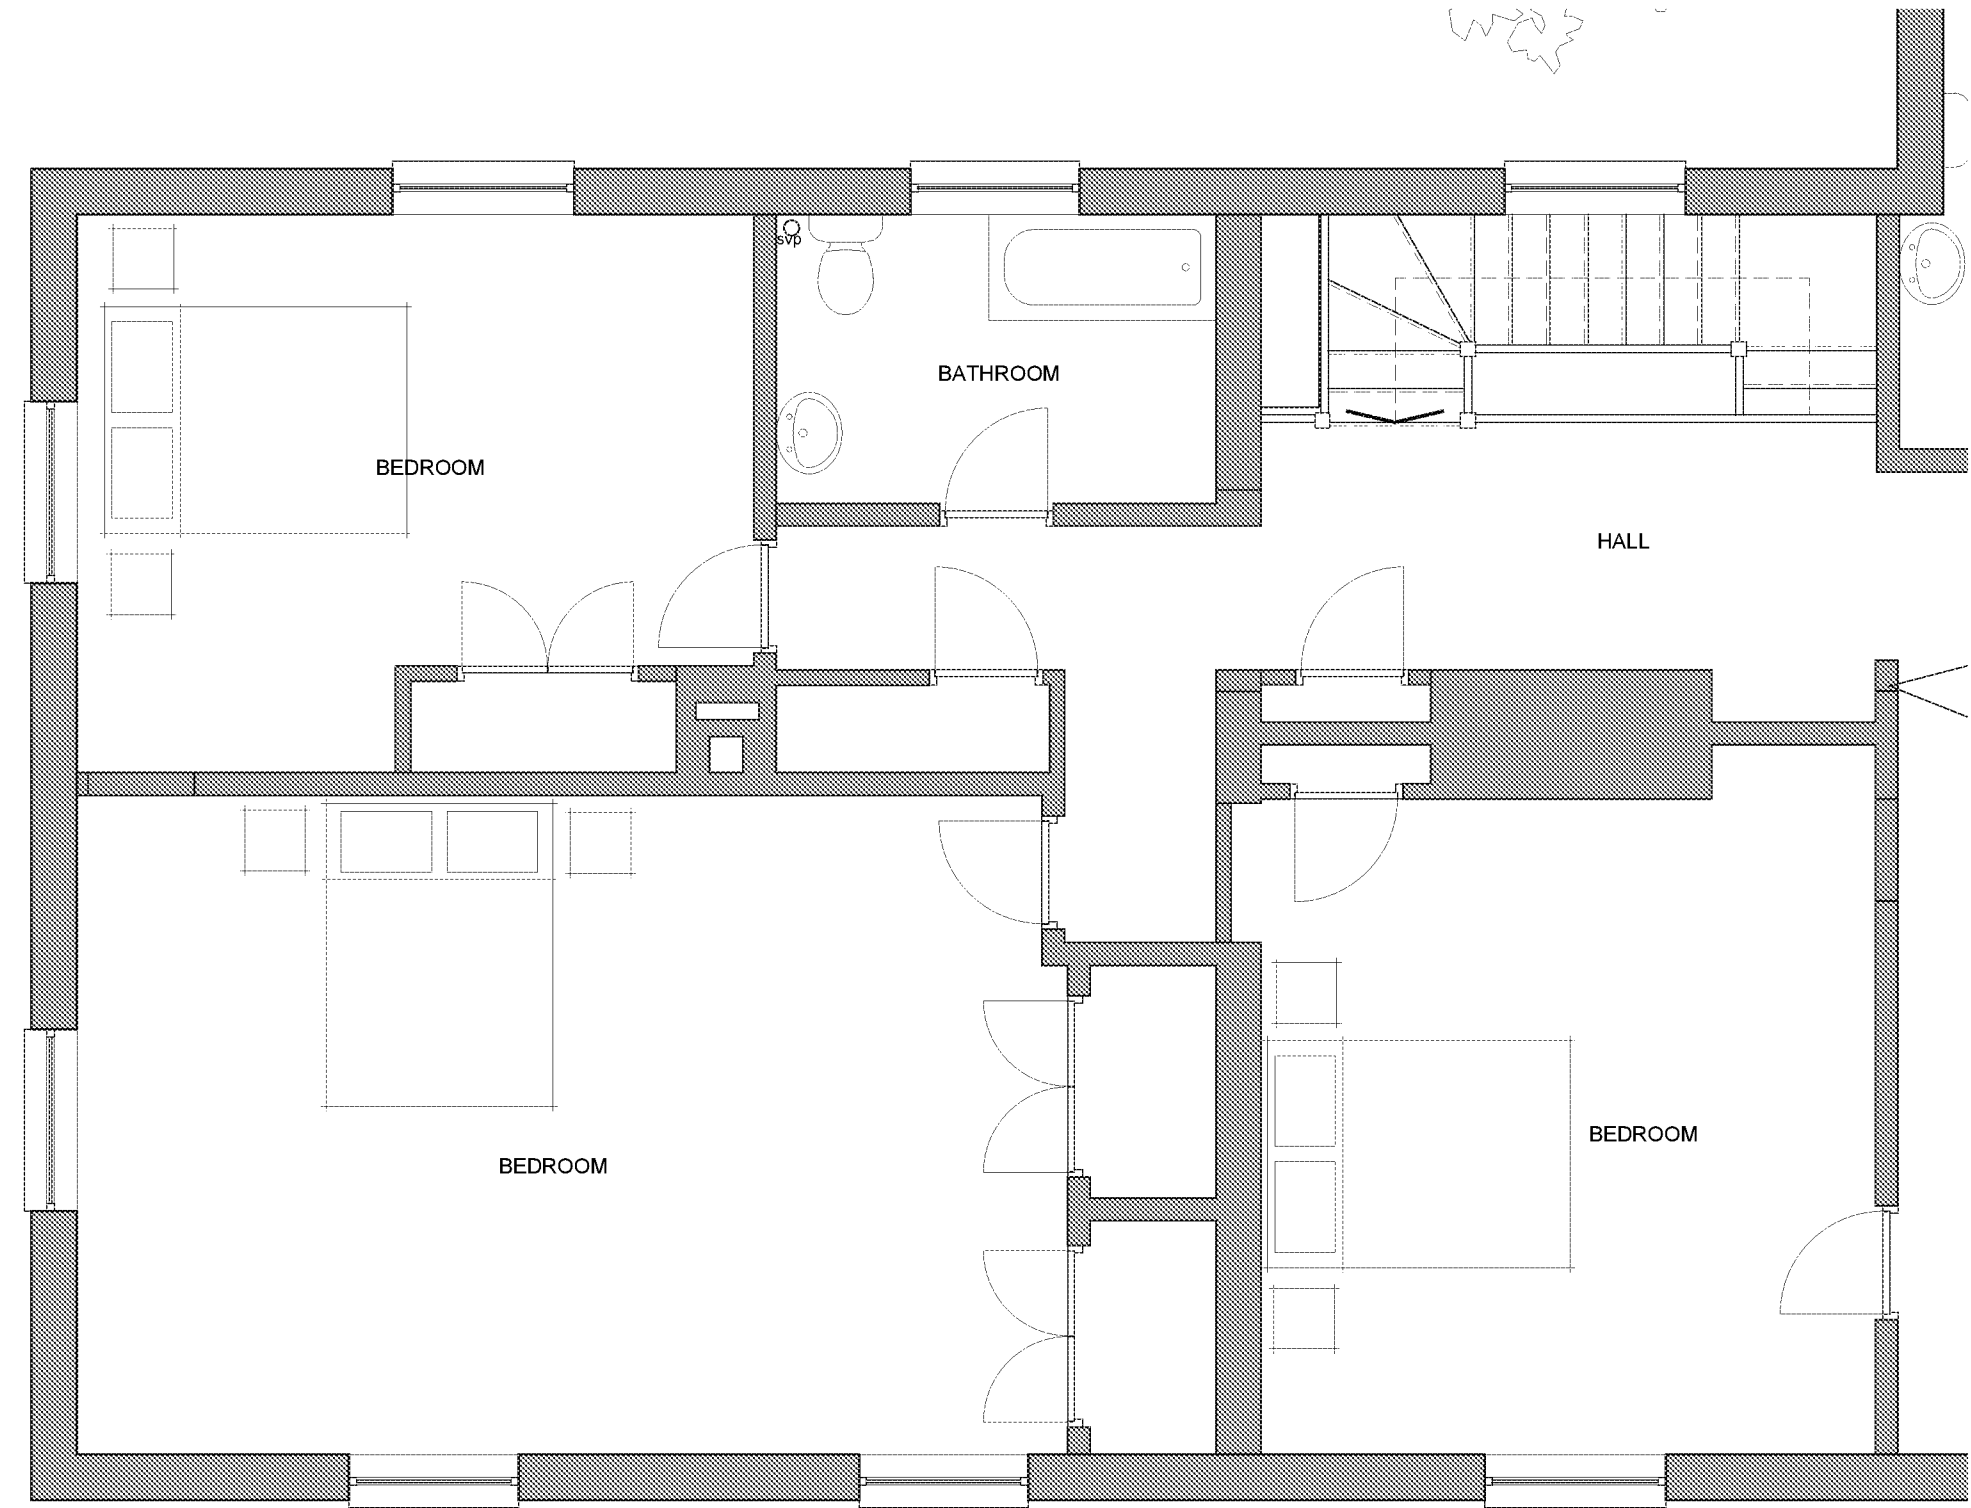

Layout

The proposal seeks to add an additional en suite bathroom, to the master bedroom and minor internal alterations including converting the existing adjacent bathroom to an en suite bathroom.

No external alterations are proposed.

Scale

The proposal seeks to retain the existing building, with internal refurbishment the extension of the original, host building no external alterations are proposed.

Existing first floor plan

Appearance

The proposal will retain as many of the existing internal walls where possible, whilst adding additional partitions to create the en suites and walk in wardrobe. These proposed en suites will make use of the existing windows for natural daylight.

By removing the existing cupboard in the hall and relocating the new wall/bedroom entrance- more space will be created in the hall way.

The proposal also removes the existing bathroom wall, this will be restored back to the original wall line, whilst incorporating a new cupboard space.
