Hi Simon,

Thank you for the email. I assume your comments are in regards to the Highways plan, which was infact drawn by Richard Parker overlaid on to an OS Map. Given this and Richard's recent retirement, we will unfortunately not be able to make any updates to the plan r.e. comments 1&2. It seems as though this is an issue that the neighbours need to bring up with Ordnance Survey, but thank you for passing the message on to us.

We will get the photographs over to you as well as the information r.e. any temporary structures.

Kind Regards,

Sarah
