Thank you for your internet representation made on 25th August 2020 which has been recorded as an objection with the comments as follows:

OWPC29240

NPPF Sect 9 - Fails to address any issues relating to this matter despite all recently issued papers from Government including Gear Change. The Transport paper needs some serious work to its content and accuracy of the data and totally fails to take into consideration the real impact of the site on the village given all that's currently being built. It can't be dealt with in isolation they need to look at the whole impact this site will have.

There is no conceivable need for any more housing in this area!

Your views as made above will be considered before the application is determined.
