Hi Simon,

If you submit the details formally to planning I will be able to recommend discharge of the condition.

Thanks,

Subject: FW: Feildings, Hoe Lane, Flansham, West Sussex, PO22 8NW - Planning Condition No 3

Hi Laura,

Have tried to call today. I understand that the drainage items and concerns have been resolved and have been copied into your email conversations with Mark Hobbs.

Before I submit the relevant details can you please confirm if the condition can now be approved or if it still need to apply for it to be varied/removed based on the design. We will also be looking to locate the tank to the rear of the garage so it is not in front of the entrance door. It will however comply with all of Marks calculations and be built to the same specification. Following a conversation with Mark it seems that as long as the tank is doing its job with regards to the amount of water entering it and leaving, it can be located anywhere.

Many Thanks

Regards

SAJones
