ACTIVE TRAVEL / TRANSPORT ASSESSMENT

New sites give the opportunity to really consider the importance of Active travel and how we plan new communities and ensure that the above agenda is at the heart of such submissions.

The Transport Assessment fails to provide any such vision on what they are trying to achieve and merely pads out the report with page after page of dubious data / bus timetables - not acceptable.

The transport assessments doesn't accurately describe the current state of footpaths alongside the dangerous road to Yapton where there is no cycle path either south or north along this road

The Assessment needs to describe how this site will be developed to reflect the vision as described in the NPPF Sec 9, how active travel will be prioritised and what plans they have that will ensure the site is connected to other active travel / nmu routes.

This is a serious issue - we saw the sea break through the defences at climping, traffic numbers on a259 are increasing year on year (I didn't see data from the local a259 traffic counter included)...

I understand that this site falls outside the local plan
