Dear Sir/Madam,

The existing junction of Grevatts Lane West & Bilsham Road will be closed & Grevatts Lane West diverted to a new access point to the South. This application may affect the setting of Grade II Listed Buildings & is a Departure from the Development Plan.

Thank you for your internet representation made on 22nd June 2021 which has been recorded as an objection with the comments as follows:

OWPC37622

I object to this application because the surrounding areas have already had a massive quota of new buildings leading to road congestion through what was once a small village. There will be unwelcome extra noise pollution from proposed additional industrial units. There is already a problem with speeding cars along Bilsham road which will make it extremely dangerous for traffic entering and exiting the proposed new housing estate. Plus the added traffic to the queue of vehicles at the dangerous comet corner junction. The wildlife in this area is abundant I have seen bats, smooth snakes, deer, buzzards, woodpeckers and cuckoos it would be heartbreaking to see their habitat destroyed.

Your views as made above will be considered before the application is determined.
