Hi Ross

I went to Berri Court this morning, as you know. Outcome of pre-app was a mix of 'concealed wooden post and loose mesh' ie... something like sheep netting, on untreated posts, to max 1600 approx with planting either side. Nothing at all behind the flint walls ... doesn't make too much sense without a plan... but you are in your team meeting....!!!

Can explain next week.

Also - we have a meeting at Climping Mill next week. I shall see you on site (I'm guessing you will be bringing the plans as you have them?).

Have a good weekend.

Clare

James,

Can you do a meeting on Tuesday or Wednesday next week? These are the days when Clare is in the office. It's not essential that I am there, but I will try to fit it in.

Please come back to me with times on those days. 09:00 onwards on Weds would be good for me. Clare's diary looks fairly free on that day also.

Hi Clare,

I'm also being chased on this one. The applications were for the boundary treatment and were withdrawn. Can you let me have some dates when you can meet them on site. The Council agreed that if they withdrew then we'd meet on one to see if anything could be agreed. I understand there are pressing security issues.

Many thanks,

Ross.

Hi Ross,

Following up from my email last week, is it possible to arrange a meeting at Berri Court with the conservation officer as discussed before Christmas?

Kind regards,
