Dear Mr Sprules,

This application seeks to discharge some of the conditions as imposed on Y/5/17/OUT including no. 30 requiring that at least 10% of the energy supply of the development shall be secured from decentralised and renewable or low carbon energy sources. It does not require any measures to do with sustainable transport. We approved the condition on the 11th November.

The S.106 contributions are listed on the decision notice ref Y/5/17/OUT.

Kind Regards
