Hi Simon,

I am less concerned with the wooden fence as this should fade and will be partially screened. The mesh fence should be removed.

Thanks

**Ian Wightman**

Hi Ian,

Your comments aren't clear on the proposed wooden fence near the building. Are you objecting to both the wooden fence and the mesh fence?

Your comments were: *"It is unclear what the justification is for this level of fencing, given that two different types are being proposed. Of particular concern however, is the metal mesh fencing which is particularly inappropriate in this context and could harm the setting of the listed building. It is rather austere and is likely to affect the way the garden and house are experienced."*

Kind Regards
