Dear Mr Hamley

I write with reference to your letter of 2 August and can confirm that the Group is agreeable to you working from home as required under clause 4, page 6 of the Tenancy Agreement as long as this does not cause any nuisance or annoyance to your neighbours.

I note that there will be no callers or deliveries to your home apart from the occasional person coming to do some typing for you.

I wish you success in this venture but unfortunately I do have to say that should I receive any complaints regarding nuisance or annoyance to neighbours, we may have to review the situation.

Yours sincerely
