Dear Mr Davis

Thank you for your notification of 13 September 2019 of the planning application referenced above.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

We have examined the application and do not have any requirements or conditions. However, it may be appropriate for Arun District Council to collect a proportionate contribution towards A27 improvements required to mitigate the cumulative impact of development in Arun. We leave this decision to your Council.

I attach our formal HEPR response of No Objection. If you have any queries regarding this response, please contact us at [REDACTED]

Kind regards,

Elizabeth Cleaver, Assistant Spatial Planning Manager

~~b) recommend that conditions should be attached to any planning permission that may be granted (see Annex A – Highways England recommended Planning Conditions);~~
