Dear Sirs

Ref:- Planning Application Y/77/19/OUT

FOR THE ATTENTION OF SIMON DAVIS

Yet again we have a submission for planning at the end of Hoe Lane. The previous application being turned down for Departure from the Development Plan. I am unaware that the development plan has been changed, yet another application has been made.

All of the previous objection still stand for this planning application, and we would like to register our continued objections to this development for the following reasons:-

- 1 When site 6 plans were approved, it was agreed that the Bognor Relief road would form the northern boundary. The Bonham's site contravenes existing policy as the HELAA report admits.
- 2 The additional traffic from 10 or any number of new homes, which could result in excess of 30 vehicles a day using Hoe Lane, puts additional problems to an already narrow entrance to the lane. It is already a problem exiting the Lane via the new round about.
It needs to be highlighted that coming into the lane from the roundabout there is almost a 90° bend to the left, the new proposed site plans also includes another immediate 90° left hand turn. This would exacerbate the danger within this 50 yard stretch of road.
- 3 There is still plenty of capacity within the existing development of Felpham and Bersted.
- 4 During the past ten years there has been a significant surface water drainage problem within Hoe Lane. The building of a further 10 homes replacing the existing field could increase this flood risk.
- 5 The ancient Hamlet of Flansham is a unique and historic area, one of the few left in the Bognor Regis vicinity. The addition of these dwellings would not only detract from the Lane, but would cause problems to the many walkers, cyclist, runners, horse riders and nature lovers who enjoy the peace and tranquillity. The building of these homes would permanently alter this beautiful historic lane.

We trust that you will take note of the above objections when considering this application.

Yours sincerely

Andrew and Nicola Feast
