Ref: Y/77/19/OUT

Dear Mr Davis,

I would again like to give support to the above application for 10 dwellings in Hoe Lane.

This development has no visual impact to the Hoe Lane street scene and the developer has responded and amended the scheme in response to previous concerns of local residents.

The scheme is well thought out, in keeping with the area and it will provide employment to the local economy and much needed housing in the area.

Yours Sincerely

A solid black rectangular box used to redact the signature of James Vitiello.
