

Please see Action Sheet

Please see note below (13/11/19 @ 11:33) about non-redaction of the documents. Is this possible?

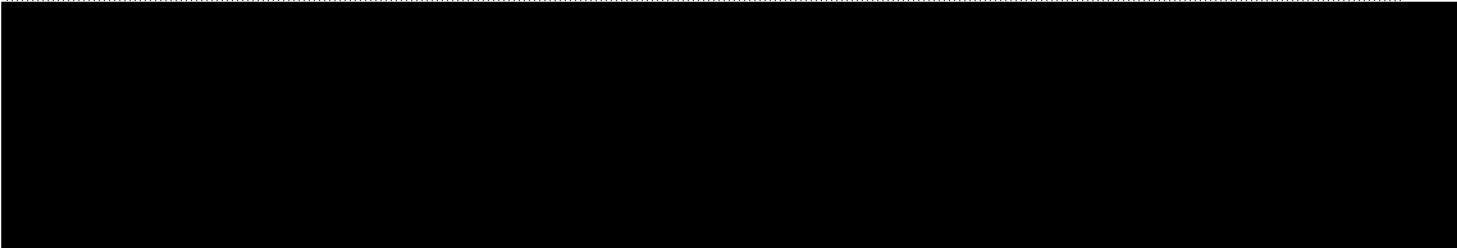

Hi Simon

It's just updated to the latest layout. Nothing has changed except the 'background' of the houses – the road alignment etc has been consistent throughout.

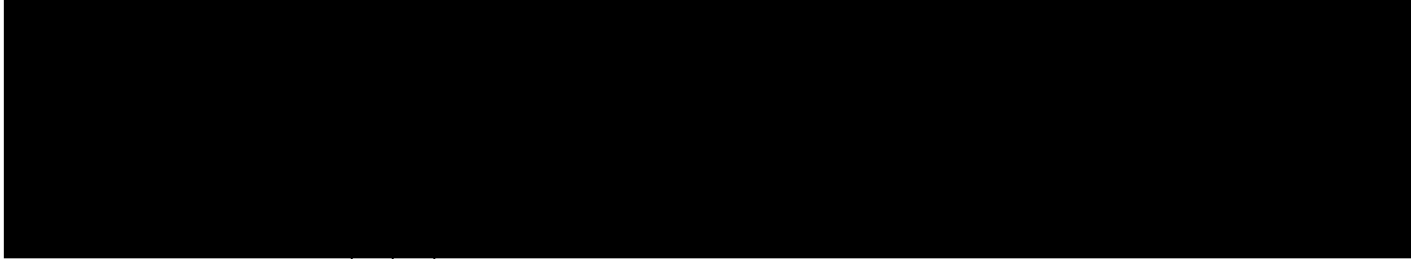

Thanks

Richard

Dear Richard,

Why the resubmission? Has it just been changed to reflect the latest layout or are there other changes (i.e. do I need to seek further advice from Highways on the latest document)?

Dear Simon

Attached is the transport statement for the above application. Please note that the consultants have agreed that their documents should be presented in their original colour format without redaction of telephone numbers, emails or other contact information.

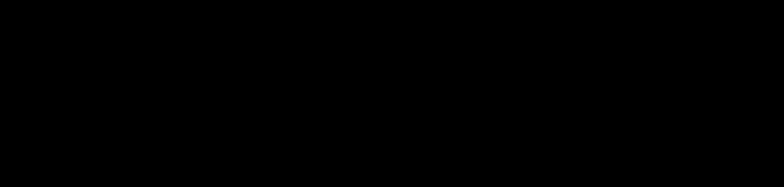

If the presence of signatures means that it is a requirement that Arun put the document through their redaction software then we will ask for the documents to be reissued by RGP with these removed (rather than having more redacted black and white versions visible on the public register.)

Kind Regards

Richard
