Subject: FW: FW: Y/77/20/PL Forge Cottage - NEIGHBOUR OBJECTION

Hi Mandy

Thanks for your email – further to this the objectors have amended their objection comment which can now be uploaded to the case file online please as follows:

“We are registering a retrospective planning objection. [REDACTED]

[REDACTED] Following the applicants plans submitted on-line 19/8/20, their own plans show a different boundary line to that of our own Land Registry Title Plans. We believe that the applicants should have declared all of these boundary issues in their original planning, which was originally submitted in acceptance of the present boundary lines, as per Land Registry Plans. Land Registry Title Plans dating back to 1970 show the boundary line to have to run around the back of our Barn; not along three sides and through the inside of the barn, as shown on the applicants drawings. Furthermore it has become evident that the applicants building works could potentially encroach on to our boundary.

In light of these circumstances we request that your [REDACTED] department fully investigate prior to allowing building works commence.”

Yours sincerely

David Rainer

Thanks
Amy
