Last week and today there has been a surveyor working at the end of The Pines and on the old canal bridge. When asked today what he was surveying he said he had been employed to complete a survey to see if road access could be gained via the end of The Pines to the development site. How can this even be considered? Does the latest plan involve removing the bridge and the houses at the end of The Pines? Living in one of those houses I am very keen to hear what is happening.

Your views as made above will be considered before the application is determined.
